Heavy Loss.

Reports say Gov. Bradley will lose
heavily by the fire at Frankfort, as
much valuable personal property was
consumed by the flames.

If every fellow standing about the
new hotel lot would work one day in
shoveling dirt, a hole would soon be
made large enough to put the court

Companies Indicted.

The grand jury of Mercer returned
true bills against every insurance
company doing business in the county,
charging them with conspiracy. The
companies indicted number about
thirty; and if each should be fined \$500
as like companies were in Scott county,
this will aggregate a considerable
sum—\$15,000. The insurance men are
loud in their protests against this pro-
cedure and claim that it will work
great harm to the people, as insurance
policies protect many loans, and if
these are withdrawn the loans will
have to be called in.

Pushing the Work.

Contractor Ryan is not permitting
grass to grow under his feet and is
pushing work on the hotel. About
forty men wield picks and shovels
from sun-up to dark, while at least
twenty-five two-horse wagons haul
away the dirt and debris. In a few
days the foundations will have been
dug and the large stones will be put
in position to receive the brick walls.
Mr. Ryan keeps as many hands at
work as can conveniently move about
the lot. He is kept pretty busy, as he
has a big job on his hands and a thousand
and one matters to look after. It is
interesting to see the rapidity with
which the work proceeds.

Pretty Work.

The third degree was given at the
K. P. lodge Friday night and the new
regalia used. Everyone who has seen
the new outfit pronounces it the finest
in the land. The first degree will be
conferred tomorrow, night, when the
new outfit for that degree will be
used.

Onstott.

John William Onstott, son of Mr.
and Mrs. Isaac Onstott, of Owensboro,
aged 19 years, died of la grippe, which
had terminated in consumption. Mr.
Onstott was a former resident of Lan-
caster and has deepest sympathy
for interment.

Contrary.

Two men, while toasting their shins
by a stove store, were commenting on
how contrary a certain Lancaster man
was. The first said "He's so contrary
that were he a log he would have to be
sawed with the grain." The second
opened his head and spoke thus:
"He's so contrary that were he to fall
in a river and drown, he would float
up stream."

Spring Sales.

Hold your orders for suits until you
see Wanamaker & Brown's spring
samples. They are beauties and more
value is put in them, for the price,
than ever before. It is the oldest and
largest house in the nation, and defies
competition in quality and prices. Mr.
E. W. Harris will wait on you in my
absence.

M. D. HUGHES, Agent.

Accident.

Mr. Horace Bohon, of Hustonville,
an expert for the McCormick Harvest-
ing Machine Co., while setting up a
machine at Paint Lick, Saturday, had
his face severely cut and bruised by
the escaping of a spring. Fortunately
Dr. Cox, the commercial tourist,
was with him at the time of the accident
and dressed the wounds, taking
four stitches in a gash across his cheek.
Mr. Bohon's wounds are very painful,
but not necessarily serious, beyond a
possible disfigurement.

Thoroughly Equipped.

J. A. Beazley has purchased a beau-
tiful pair of gray horses to work to his
hearse, which makes his outfit one of
the most complete in Central Kentucky.
He is thoroughly versed in embalming,
having taken a complete course in that
branch of his business. A handsome line of
caskets and shrouds are kept constantly in
stock, as is also everything necessary in an
up-to-date undertaking establishment.
His team and hearse have been pronounced
one of the handsomest ever seen in a
country town.

Property Transfers.

Judge R. A. Burnside has traded
his property on Richmond street to
Capt. Wm. Herndon for the latter's
property on Danville street, Judge
Burnside paying a cash difference.
Capt. Herndon has bought of P. W.
Spencer the latter's property, on Lexington
street and will move it into it as
soon as Mr. and Mrs. Spencer move to
New Albany, which will be in a few
days. We understand Capt. Herndon
is thinking of building on the Spencer
lot between the present house and Mr.
Geo. Robinson.

Chief of Police.

One reading in country papers, and
special telegrams to the dailies, about
"Chief of Police" so and so making
arrests would imagine the town had
police forces of one hundred or more
men. "Chief" sounds mighty big, but
when the "Force" consists of only the
"Chief," who is generally in ordinary
citizen's dress and carrying a saw-log,
it makes you weary. "Chief of Police"
Smith arrested two little negro crap-
shooters." is generally the way it
reads. The old-fashioned title, Town
Marshal, is decidedly more appropriate.

If your child is cross or peevish, it
is no doubt troubled with worms.
WHITE'S CREAM VERMIFUGE
will remove the worms, and its tonic
effect restore its natural cheerfulness.

Another Railroad.

The Commercial Club now has on
foot a plan to get another railroad
through Garrard. The idea is to get
the Southern to extend its line from
Burgin to Middlesboro, thus giving this
great system a direct line of its own
from Louisville to the south and the
sea board. The Southern now owns
the old Louisville Southern from
Louisville to Burgin. A survey was
made several years ago which runs
the line through Garrard, Rockcastle,
Jackson, Clay, Leslie, Harlan and into
Bell. Information, from reliable
sources, shows the Southern would like
to have a line of this kind and those
in position to know what they are
talking about say the road will be built
if the right of way is given. The
Mercer county people are very enthu-
siastic and will donate the right of
way through Mercer. The Lancaster
Commercial Club has gone to work to
get the right of way through Garrard,
and parties in position to know
the remaining counties will readily do
their part. The plan is a plausible
one and those pushing the scheme are
sanguine of carrying it out.

WALLACETON.

Soper is real sick at this writing.

J. Bert Soper went to Ford this week
in search of a job. We wish him
good luck.

Miss Bettie Hendrickson is not able
to perform her school-work and her
father, Rev. Hendrickson, is teaching
her in her stead.

Wm Caldwell, who has been on a
visit to friends and relatives in the
mountains, has returned to his home
here. The conduct on railroad trains by
soldiers has come to a point which is
disgusting in the extreme. These
toughs, when unmastered out of the
volunteer service, proceed to demolish
the cars, insult ladies and endanger
the lives of passengers and trainmen.
They seem to think that a suit of
soldier clothes gives them the right to
act just as they please. A brakeman
mashed the foul mouth of one of these
toughs the other day, and the traveling
public should present the plucky
trainman with a chromo. The dis-
graceful conduct of the toughs have
made it almost unsafe for a lady to
travel alone. The dirty sloth hat,
the greasy blouse, the yellow leggings
and foul mouths have gotten to be a
nuisance on nearly all railroad trains,
and the people will offer a hearty
Amen when they have disappeared al-
together.

Mr. Tom F. PILCHER, formerly editor
of the Nicholasville Democrat, is
a candidate for Railroad Commissioner
in this district. Mr. Pilcher is a
gentleman thoroughly equipped for
the position and is being strongly sup-
ported for the place. He is the only
candidate Jessamine county has ever
offered for a state office, is an original
silver man, having been made Pres-
ident of the Bluegrass League of Jess-
amine county, and was sent as a dele-
gate to the State Convention at Lex-
ington in 1896.

Mr. H. C. Kinnaird, who returned
from Missouri six weeks ago, was joined
by his family on Monday of this week
and say she feels a million dollars richer.
Mr. Kinnaird moved from here to Mis-
souri 14 years ago, but since coming
back bought a nice home near Walace-
ton in which he and his family are now
comfortable situated and he says he
will never again leave Kentucky to find
a better place to live.

Geo. B. Secord, the well known
contractor of Towanda, N. Y., says: "I
have used Chamberlain's Cough Remedy
in my family for a long time and have
found it superior to any other." For sale by R. E. McRoberts Druggist.

daughter of Mr. Samuel Murphy, died
at her home Sunday morning at three
o'clock of consumption, she had been
a patient sufferer for several months.

of the people of this community.

and kill herself last week.

Mr. Moss, of Camp Nelson, age 42

16 were married at the home of the
bride's uncle, Mr. Daniel Carter the
24th ult. Rev. Thompson officiating.

We wish the couple a long and happy
life.

old age. Her remains were interred in
the Mt. Hebron burying ground.

his appointment at Scott's Fork, 2nd

night. We hope the weather will be
agreeable.

man and Mrs. Alice Clark were the

I have been afflicted with rheuma-
tism for fourteen years and nothing
seemed to give any relief. I was able
to be around all the time, but constantly
suffering. I had tried every-
thing I could hear of and at last was
told to try Chamberlain's Pain Balm,
which I did and was immediately re-
lieved and in a short time cured. I
am happy to say that it has not since
returned.—Josh Edgar, Germantown,

crop of 28 hogsheads of tobacco to Lou-

W. B. Adams has the best four
horse team in the county. He hauled
the large boiler to Myers' saw mill
from Paint Lick to Back Creek Monday,
it will weigh eight or ten thousand
pounds. Everybody said the condition
the roads were in it would take
eight horses to pull it.

Deputy U. S. Marshal, W. T. Short,
and family moved to Mt. Vernon,
Wednesday, and will that their home
in the future.

Alvah Adams is going to engage in
the pole cat business. He went out a
few days ago and dug into a den and
found one very fine one, he was at a
loss to know how he could capture it
alive; finally he concluded to pull off
his coat and button it up—then he slipped
the coat into the den, and into it the
cat went, he gathered up his game
and struck for home. He didn't get
but, there was a very perceptible
odor left on the coat.

Mr. Colson, our blacksmith who has
been living just outside of town,
moved on Monday to the store of Wal-
lace & Soper on Main St. He seems
much pleased with "living in town."

The recent cold snap, besides perform-
ing various tricks, severe, expensive,
amusing and otherwise, got in some
real good(?), solid work, as is proven
by the fact that nearly or quite all of
the misfortune in this locality is killed,
so far we have found no one who ever
knew of this like.

People suffering from Kidney Diseases feel a gradual but steady loss of strength and vitality. They should lose no time in trying Foley's Kidney Cure, a Guaranteed Preparation. 1m C. C. & J. E. Stormes.

Foreign Christian Missionary Society.

Among the most prosperous Missionary organizations of this country is the Foreign Christian Missionary Society of Cincinnati Ohio, an organization of the Christian Church (Disciples of Christ). During the last five years its receipts have been more than double, and last year they reached \$130,925.00. Missions have been planted by the Christian Church in India, China, Japan, Turkey, Africa, Scandinavia and England. One of the most important steps recently taken is the planting of Churches in Cuba. Two missionaries will be sent to Havana soon. A Mission will be planted under the shadow of Morro Castle. This religious body has two hundred and four missionaries in foreign lands, and number more will be sent out this year.

The annual offering in all the churches of this communion for Foreign Missions is the first Sunday in March. We are reminded of the rapid growth of this religious body, in only about seven years this people have come to number more than 1,000,000 communicants in this country alone. Last year they make a gain of no less than 50,000 and their war-cry this year is a gain of 100,000. They have more than 10,000 churches and about 9,000 ministers. They are building up a number of splendid educational institutions in different parts of the country. Last year for all Missions they raised more than \$500,000. They are calling for \$1,000,000 this year, and not without hope of success. The Jubilee of this organized missionary work is to be observed in October of this year at Cincinnati, Ohio, where the American Christian Missionary Society was organized for Rome and Foreign Missions in 1849. Alexander Campbell was the first president. Fully 10,000 delegates are expected to attend the Jubilee Convention. The great Music Hall of Cincinnati has already been secured, and other large buildings will be used. No doubt there will be a creditable representation from the Church in this city.

OBITUARY.

The death of Mr. Eugene Wood, on Feb. 19, an account of which has been published, cast a shadow over many hearts outside of his happy home. In offering condolence to the bereaved family, I, and many others are also mourning the loss of a true, tried and much cherished friend. He was a member of New Providence church, and died as he approached manhood, being only twenty-eight years of age.

Being the son of the venerable Thos. Wood, and having an estimable mother, he inherited many noble traits of character, by which men were involuntarily drawn close to him. He was genial, affable and intelligent. His high sense of honor would not permit him to defraud his fellowman out of a farthing, and confidence entrusted to him was never betrayed.

He was public spirited and a model type of noble manhood in the social, commercial and public walks of life. In his death I lost a true and devoted friend, and I indulge the fond hope that the separation is only temporary.

Rev. Powell's Farewell Sermon.

(Ode Star.)

Rev. Chas. E. Powell, after serving the Christain church most acceptably for the past sixteen months, preached his farewell sermon to a good and appreciative audience last night. He prefaced his sermon by remarking that for sixteen months he had done the best he knew how in administering spiritually to his people and trusted it had done good.

His scripture reading was descriptive of Heaven, and this word Heaven was his theme. His language was impressively glowing, eloquent, and melting in its pathos and tenderness. He divided his discourse into three heads: "Heaven;" "Where is it?" and "Who goes there?" He said if there was a better book than the Bible, and it could be presented to him, and he could believe it was superior to the "book of books," he would accept it, but so far in the world's history no such a book had been presented.

By the Bible he proved beyond cavil there was an imperial city of gold for God's elect, first by Christ himself, then by Paul and John. He characterized the Apostle Paul as the greatest and grandest man that ever trod the earth. He believed Heaven was near us, not beyond the firmament, for astronomy taught the "beyond" ended with the starry setting.

"Who goes there?" The pure in heart, the faithful, loving followers of the Lord Jesus Christ and those who kept his commandments." When he spoke of the loved ones that had gone before and those who would "follow" the whole family in Heaven" it touched many hearts and brought tears to many eyes.

Mr. Powell is a cultured, devoted Christian gentleman, who, by his courteous manners, pleasing address and the deep interest he has always taken in the material things that affect the welfare of our community and our little ones, won the respect, esteem and love, and in his man field of labor, which will be Lancaster, Ky., our best wishes accompany him and his for health and strength and that he may continue to eloquently proclaim the saving grace of God's love and Christ's atonement.
